Monsters Index Page - Back to the Top I got the assignment with the Banshees, 97 actually, and I saw that their lvl is pretty low. I've been thinking about killing the Twisted version, but I don't know if it's 68 cbt (53atk/60str/51def), since it's 20 lvls higher. Are there any suggestions/opinions? Thank you in advance. Share Old School RuneScape uses a British convention for floor counting: Ground floor, first floor, etc. This article is about the normal variant. For a stronger variant, see Twisted Banshee. This article is about a monster killer. For the superior variant, see Screaming banshee. A tormented screaming soul. No Earmucks: 8Shood: 2 Banshees are killer monsters that require a level 15 killer kill. They can be found in the Slayer Tower in Morythia on the ground floor of the first floor[?], on the east side. Players must wear mumps as they battle them to avoid the effects of their screams, causing the player to take 6 tackles and have their stats greatly reduced in attack, strength, defence, range, magic, prayer and agility with each attack received. North of the staircase is a safe leading to 1st/2nd Floor. Since banshee attacks are based on magic, it is advised to wear armor in range to minimize the damage taken during the fight against them. As banshees qualify as undead, the effects of a salvo of amajilia and Crumble Undead spells will work on them. Using a killer helmet will eliminate the need to wear an asphyxia, although its bonuses will not match the amalia. Twisted Banshees are stronger variants of banshees that require a level 15 killer kill. They are located exclusively inside the Kourend catacombs, in a multicombat area. There's a safe place on the south side of the east side of most rooms. Players must wear mumps or a killer helmet as they fight them to avoid the effects of their screams; which causes the player to take 7 damages and have their statistics greatly reduced in attack, strength, defence, range, magic, prayer and agility with each attack received. Just as the undead, Crumble Undead spell and amule balm work on them. Twisted Banshees can be a great source of herbs and pure essence for Ironman due to their triple plant drop and a common drop of 65 (noted) pure essence. Dwarf multi-top can't be used to kill Twisted Banshees. Screams are said to have foreshadowed the imminent death of a family member. Banshees become transparent when moving or turning, but become solid when standing still. For some reason banshee extends his hand when attacking a player. Looks like banshee finger is a euphemism. If this is a random or deliberate reference to Jagex, it is unknown. Known.
